**Azize Tan - Direttore Istanbul Film Festival**

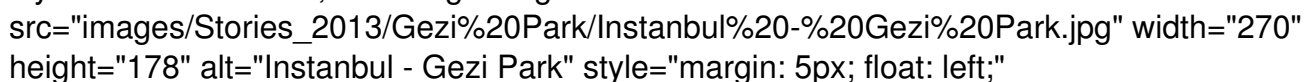

**"We condemn the censoring attitude of the mainstream media towards the Gezi Park resistance"**

(Mariangiola Castrovilli) - Abbiamo intervistato per la televisione Azize Tan direttore dell'Istanbul International Film Festival qualche settimana fa a Cannes 66 ed era con particolare dolore che avevamo ricordato l'inutile dimostrazione capitanata dal Maestro Costa Gavras e da moltissimi intellettuali compresi tutti noi giornalisti presenti al Festival di Istanbul in difesa di un teatro storico (Emek Theater) che proprio mentre eravamo a Cannes era stato raso al suolo per farne un supermercato.

 Adesso come avrete tutti visto in televisione ad Istanbul c'è stata un'altra dimostrazione sempre violentemente repressa nel sangue, organizzata contro la distruzione del Gezi Park, resistenza accolta con indifferenza dai mezzi d'informazione locali. Ci uniamo al grido di dolore di Azize Tan e di tutta la lunga lista di persone tra cui spiccano le

firme di molti importanti personaggi della cultura turca come Fatih Akin, Kutlug Ataman, Nuri Bilge Ceylan, Semih Kaplanoglu, Yesim Ustaoglu and Zeki Demirkubuz nel condannare gli atti censori e la violazione dei principi del giornalismo neutrale ed oggettivo da parte di tutti i quotidiani ed i canali televisivi tradizionali, soprattutto quelli che si sono sempre dichiarati come i più importanti e obiettivi della Turchia.

Ecco il testo originale della dichiarazione di condanna ("We condemn the censoring attitude of the mainstream media towards the Gezi Park resistance") fatta rimbalzare sui canali della stampa internazionale da Azize Tan, direttore dell'Istanbul International Film Festival, di registi, scrittori e artisti (oltre 750) della Turchia a seguito dell'atteggiamento censorio tenuto dai giornali e tutti i canali televisivi tradizionali locali nei confronti delle violente e sanguinarie repressioni delle proteste popolari e spontanee in corso ad Istanbul per le vicende legate alla distruzione del Gezi Park:

writers and artists from Turkey, express our serious concern over the country-wide incidents incited with the Gezi Park protests. Please read the below declaration regarding media attitude towards these incidents is signed by leading figures of Turkey, including Fatih Akin, Kutlug Ataman, Nuri Bilge Ceylan, Semih Kaplanoglu, Yesim Ustaoglu and Zeki Demirkubuz among many others.

**WE CONDEMN THE CENSORING ATTITUDE OF THE MAINSTREAM MEDIA TOWARDS THE GEZI PARK RESISTANCE!**

In the movement initiated by the Gezi Park Resistance, we, as filmmakers, artists and writers of this country, condemn acts of censorship and the disregard of the principles of neutral and objective journalism by all mainstream television channels, especially NTV, CNN Türk, Habertürk, Kanal D, ATV, Star, Show TV and TRT, as well as, some newspapers, especially Star, Sabah and Habertürk, which have always defined themselves as Turkey's prominent and objective media institutions.

The Gezi Park Resistance and the protests all around the country are actions that spontaneously arose out of the people's common conscience, independent of political affiliation. These actions symbolize an awakening of consciousness in Turkey, and worldwide, against a regime of oppression which increases its authoritarian presence every day. The common aim of those who participate in these peaceful actions is to claim their right to a life of freedom, and the right to contribute to the decisions about the place they live in, their own city and natural environment.

Much to our surprise and regret, possibly, in order to not oppose the political authorities or business magnates, we have observed that the mainstream media has featured almost nothing about this resistance movement. The provocative and aggressive approach of the police against this movement, which sometimes goes as far as trying to kill people, has also been barely covered by our mainstream media. However, as we have all witnessed, the media's disregard has only served to reveal to Turkey and the rest of the world, the hidden agenda of those who disdain and attempt to subvert the resistance.

We invite all concerned media companies in this historic moment to immediately leave their complacency, to broadcast and to publish with principles of unbiased and objective journalism, and to contribute to the establishment of a democratic and free media. This is a historic moment. An independent media will lay the grounds of trust and freedom for all of us. We will continue to witness this process.
